## EDUCATION

### Bachelor of Computer Application (BCA)

Nagpur University, India, Nagpur  
2014 - 2018

### HSC

Nagpur University, India, Bhandara  
2013 - 2014

### SSC

Nagpur University, India, Bhandara  
2011 - 2012

## SKILLS

- Manual Testing
- Selenium WebDriver
- Core Java
- TestNG Framework
- BDD Framework
- Jira
- Jenkins
- Git
- Github
- Postman
- Mobile Testing

# AKSHAY SARVE

## SOFTWARE TEST ENGINEER

## PROFESSIONAL SUMMARY

- Having 3 Years of Experience in Software Testing (**Manual & Selenium Automation**)
- Experience in the Software Development Life Cycle (SDLC) methodologies like Agile Scrum Methodology.
- Responsible for writing Test cases and maintaining Test scripts as per the business specifications and Experience in GUI, Functional, System, Sanity and Regression Testing
- Having experience in **Selenium WebDriver** using **Hybrid Framework**.
- Experience in maintaining **Page Object Model (POM)**
- Writing Test cases using Element locators (Xpath, ID, Name so on), WebDriver methods, **Java programming** features and **TestNG** Annotations.
- Testing in different environments including **Web** and **Mobile Application**.
- Involved in Functional Testing, Compatibility Testing, Database Testing, API Testing.
- Having 1.5 Years of experience in **MySQL**.
- Having 2 Years of experience in **CI-CD Jenkins** tool.

## EXPERIENCE

- April 2024 - Now

### Software Test Engineer

**ASAPP Info Global Services Pvt Ltd** / India, Mumbai

- Write test cases and test scenarios based on the requirements, user stories, and specifications.
- Create test case documentation.
- Manually execute test cases in different environments (e.g. staging, production)
- Develop, maintain, and execute automated test scripts using Java programming language and automation tools such as **Selenium**, **TestNG Framework**.
- Maintain and update existing test automation scripts as the application evolves.
- Run automated tests on different environments (e.g. different browsers) and generate test reports.
- Perform various types of testing, such as **Functional testing**, **UI testing**, **Usability testing**, **Sanity testing**, **Acceptance testing** and **Exploratory testing**.
- Identify defects, inconsistencies, or issues in the application during test execution.
- Analyse and report test results, track defects, and ensure bugs are logged and managed in tools like **JIRA**.
- Participate in daily standups, sprint planning, and retrospective meetings to discuss progress and challenges.
- Maintain test documentation, including test cases, test plans, and defect reports.

## AWARDS

---

- Commitment & Efforts for the team
- Rising Star Award

- Provided feedback on user interface design and navigation, contributing to enhanced user satisfaction and intuitive design.

---

● April 2022 - April 2024

### QA Engineer

**Tecvolo Labs Pvt Ltd** / India, Noida

- Designed and executed Test cases according to product backlog and user stories.
- Prepare Detailed Testing document such as Test Scenario, Test Cases and Test Data.
- Identified and organized the plan for test data, strategy, and the Scope of testing within the context of each Iteration.
- Performed Iteration level testing, **Functional testing, System testing, UAT, and Sanity Testing, Regression Testing and Retesting.**
- Extensive analysis of the requirements and overall program
- Participated in daily Scrum Meetings, Iteration Planning Sessions, Iteration Review, and Iteration Retrospective Sessions.
- Worked with developers by updating the defects and resolving them and tracking the status.
- Queried database using **MySQL** queries to ensure data integrity and to validate the inserted and updated data.
- Discussed with the team in identifying regression areas that can be automated.
- Developed and executed test scripts in Selenium using Java for regression testing to ensure the quality of the system.
- TestNG was extensively used for grouping, batch, parallel execution, G Cross Browser Testing.
- Knowledge in automating the test cases using the Selenium test suite mainly the web driver to support all the web browsers.
- Preparation of Test Summary Report.
- Demo to client and understanding changes and assign to developers.
- Fully involved in Project Delivery.

---

● February 2018 - January 2022

### Senior Quality Control Analyst

**Dhandhania Infotech Pvt Ltd** / India, Nagpur

- Received and processed US Mortgage property inspection work orders.
- Verified and validated the accuracy and completeness of the work orders.
